

MAY 2021 PROGRAM SNAPSHOT

CASS/PULASKI COMMUNITY CORRECTIONS

MISSION:

Cass/Pulaski Community Corrections is committed to improving the quality of life of the program participants and the community by applying effective evidence based programs that produce positive choices, constructive behavior and accountability from the program participants, thereby reducing their criminal actions

VISION: To beat all aspects of recidivism.

WORK RELEASE REOPENING:

On May 3rd, we began returning the Work Release Program to normal operations after completing the Intercept Body Scanner Training. Clients are able to obtain employment and continue to participate in programming. Work Crew residents continue to participate in the therapeutic model. At this time we remain limited to 25 beds and male residents only, in order to continue to comply with CDC guidelines and the slight uptick in positive COVID-19 cases in Cass County. We are encouraging all clients and staff to get vaccinated and continue to require masks and social distancing. Plans are underway to begin construction this summer to create isolation cells and reopen the women's dorm.

APRIL OVERVIEW:

In April, Community Corrections served 155 clients, a 16% increase from March: 11 clients in the Work Release program and 144 via the Home Detention program. We had a average daily population of 125 clients.

The department received 25 new clients in April:

- 11 Level 6 Felonies or Class D Felonies
- 10 High Level Felonies, a 50% increase from last month
- 4 Juvenile Supervisions

13 clients completed the program, while 3 clients were returned to either the Cass County or Pulaski County Jail on a violation, a 62.5% decrease from March.

APRIL 2021 STATISTICAL SNAPSHOT:

• Offense Degree Analysis:

Offense Type	Total
Misdemeanors	8
F2	8
F3	4
F4	18
F5	41
F6	54
FA	3
FB	5

Positive Screens by Drug

GREEN HOUSE UPDATES:

- In the past three weeks we received and planted over 7,000 plants. Staff and work crew clients have prepared over 180 barrels and 177 baskets to place throughout Logansport as part of our annual beautification project.

• **Risk Analysis:**

- Analysis shows that 24% of active clients have been identified through the Indiana Risk Assessment as High Risk to Very High Risk, 47% as Moderate Risk, and 29% as Low Risk.

- A review of the IRAS-CST's conducted show an average risk reduction of -21.1% in April.

NOTABLE UPDATES:

- In collaboration with Court & Pretrial Services, all staff completed naloxone & overdose response training.
- We received notice that our IDOC Grant funding was extended until the end of this year and that we received no funding cuts at this time.
- Beginning in April, our Quality Assurance Committee, led by the Court Services Director, has moved to meeting on a monthly basis. The goal of enhancing QA efforts is to ensure compliance with contact standards, track performance measures & maximize utilization of services.
- We received two new practicum interns from Four County, who will supplement our therapy and programming, by providing additional support to our facility therapist. We also added a third MRT class and Work Release clients recently started a Tai Chi program.
